

- Very attractive, bright red apple with a subtle and sweet taste
- Tolerant to the common strains of scab
- Exceptional storageability (8 months)
- Parentage: Pinova x X6398
- Harvest with Granny
- Open Variety with tree royalty only

Tree

Chilling	Medium to high
Vigour	Medium
Growth habit	Spreading to weeping
Full bloom	With Golden Delicious
Pollinators	Golden Delicious, Mandy® Inolov
Bearing habit	Balanced and regular
Production	Good yields in mature orchards. In order to get full production potential and not compromise the growth of the tree, fruit should not be left on 2nd leaf trees.
