

WA38 / Cosmic Crisp™

- A medium to large, juicy apple with a remarkably firm and crisp texture
- Balanced sweet/tart flavour profile provides ample sweetness and tartness, making it an excellent eating apple
- Red, red-striped blush (55-80%) and attractive, prominent lenticels
- Is slow to brown and when cut and maintains its texture and flavour in storage for more than 1 year
- Parentage: Honeycrisp X Enterprise
- Fruit mature in Red Delicious season, 1-2 picks.
- Released from Quarantine Feb 2018; 1st test trees will be planted in 2019
- Variety listing expected 2022
- Managed variety; 250Ha to be planted by 2028
